

THE CARING CLAYS
2010
FALL CLASSIC
SPORTING CLAYS CHARITY FUN SHOOT

When:
Sunday, November 7, 2010
Where:
Dover Furnace Shooting Grounds
30 Ore Bend Road
Dover Plains (Dutchess County), New York

You're invited to join us for a great day in support of life-saving cancer research

The Fall Classic:

On Sunday, November 7, 2010, Caring Clays will be hosting our 2010 'Fall Classic' at the Dover Furnace Shooting Grounds to benefit the SynCure Cancer Research Foundation's life-saving research efforts. The full-day event will feature 100 sporting clays targets, special side events, continental breakfast, gourmet luncheon, prizes, trophies, Lewis Class option, more much more...

Caring Clays was founded to support effective cancer research by conducting sporting clays events throughout the nation. All of us have lost loved ones, friends, neighbors to cancer... these events provide an opportunity to participate in a sport we enjoy while furthering the efforts of leading research organizations and institutions in finding cures.

The Venue...

Dover Furnace Shooting Grounds, the clay target shooter's paradise! A unique, world-class facility... an exciting sporting clays course, FITASC fields, trap, skeet, 5-stand... the largest clay target shooting facility in the Northeast (well over 2,200 acres). To view the facility go to www.doverfurnace.com

The 2010 CARING CLAYS FALL CLASSIC will begin with registration and continental breakfast at 8:30 AM. After breakfast, you'll have the opportunity to shoot a few practice birds, shoot some side-events and loosen-up before 'hitting the course' at 10:00 AM. You'll be impressed with the Dover Furnace target presentations... something for everyone. The experienced shooter and novice alike will enjoy some sensational scenery, great companionship and excitement galore. And, with a little bit of luck, you may go home with a trophy plus some wonderful memories.

Upon completion of the sporting clays portion of the event, you'll enjoy a gourmet luncheon of Caesar salad, roasted harvest vegetables, marinated flank steak, pulled pheasant with caramelized onions, pasta salad, potatoes and desert.

Awards and trophies will be presented at the luncheon. In addition, we have a few fun-filled surprises planned...

Less than ninety minutes from NYC and many parts of NJ and CT; driving instructions will be forwarded to registrants and can also be found on the Dover Furnace Website ([www](http://www.doverfurnace.com))
